A courageous turnout by everyone on a day marked out by its 'useful rain' (quote from the BBC weather forecasters). It poured non-stop from 7.30am until 2pm. In spite of this, there was a good field of committed runners and everyone seemed to appreciate the opportunity to run on a new map of the Heath.

On the day the home team, LOK, won the event. However, there were an encouraging number of juniors from clubs taking part and showing good speed! The three of the top five Frolic-time positions went to men under 18: Michael Voracek (running for CHIG) and Bjorn Field (Ind) and Tim Street (HH). Congratulations.

## 2005 Series winners are SLOW. CONGRATULATIONS!

In the cumulative series, SLOW have wrested the Frolic Bus Trophy from Happy Herts, last year's winners. However, as a look at the tables below shows, it was a very close series overall between SLOW and LOK. SLOW had a strong core of runners at each event and dominated the winning Frolic-times at their own event and MV's Hogsmill event. Congratulations!

Thanks to everyone in the hosting clubs - SLOW, DFOK, MV and LOK - who has contributed to the success of this year's series: without your efforts, nothing would happen in the area during the summer break.

Thanks to all the participants: we hope you have enjoyed the light-hearted races and that they have kept you in practice ahead of the Scottish 6-day and other summer events. LOK looks forward to another Frolicking season in 2006!
